Hi John,

Working right now on finalizing an FCE report. As soon as the FCE is complete, will start this project (anticipate late this afternoon or early tomorrow) unless something else comes up.

Hi Kolena. I'd appreciate your help looking at a subpart OOOOa Annual Report from BP for the Greater Prudhoe Bay (GBP) area. It's a thick report, divided into 2 parts to fit it in the scanner. Please take a look at page 2 of Part I of the report, which has a table identifying each drill site and well pad that they identify as an affected facility.

Let me know if this is something you could do in the next week.
